

23 June 2017

MESSAGE

I am very happy to know that Ganga Medical Centre and Hospitals (P) Limited, Coimbatore, is launching an Air Ambulance Service on the 25<sup>th</sup> of June, 2017.

I understand that this is the third Air Ambulance service in South India. Considering the growing importance of efficient emergency services in health care, I am certain that Ganga Air Ambulance would be a boon to patients who need to be airlifted to ensure proper medical care in times of emergencies.

I convey my best wishes to Dr. S. Raja Sabapathy and his dedicated team of Doctors and Staff and hope that their service would reach more people including the underprivileged, in the coming years.

[Justice (Retd) P. Sathasivam]
